2. An additional independent claim fee of \$200 is required to be charged in order to make an examiner's amendment which places this application in condition for allowance. During a telephone conversation conducted on July 26<sup>th</sup>, 2006, Mr. David Stiennon requested claim 30 to be rewritten in independent form and to be entered by examiner's amendment, and authorized the Director to charge Deposit Account No. 50-2663 the required fee of \$200 for this additional independent claim (claim 30) and authorized the following examiner's amendment. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

3. The application has been amended as follows:

(a) As to claim 15, line 2, delete "as a function the force" and replace it with -- as a function of the force --.

(b) As to claim 30, delete the entire claim and replace it with

-- 30. (currently amended) ~~The method of claim 27~~ A method for determining a radial modulus of elasticity of a paper web that can be reeled or wound on a reel, in

Art Unit: 2856

which method the connection between the force and deflection of the paper web  
arranged in layers in the reel is measured, wherein the method comprises the steps of:  
reeling or winding the paper web to form a reel in a reeling or winding position,  
the reel defining a reel axis and a radial direction toward the reel axis;  
transferring the reel from the reeling or winding position to a measurement  
position; and  
making measurements of force and deflection so as to allow calculating the radial  
modulus of elasticity of the reel of the paper web in the measurement  
position outside the reeling or winding position,  
wherein the radial modulus of elasticity of the paper web is determined by  
performing a force and a deflection measurement on different adjacent  
reels by transferring a press member successively on top of said adjacent  
reels. --

4. The above amendment was necessary to overcome a 35 U.S.C. 112(2<sup>nd</sup>)  
rejection.

#### **Allowance**
